

NSW Police Force

STAY AT HOME/NO VISITORS:

- Stay at home with your immediate family. Your immediate family is those who live in the same house and sleep there every night.
- You should not have any visitors to your home. This includes family members who don't live with you.
- Don't put your mother, grandmother, aunt or uncle at risk by visiting other family members.
- Stay at home means stay at home. Don't visit friends or family. The time for visits will come once we have stopped the virus from spreading.

Ostanite doma / kućne posjete nisu dozvoljene:

Ostanite doma s obitelji. Uži krug obitelji uključuje sve one koji svakodnevno žive i spavaju pod istim krovom

Nitko vas ne smije posjetiti. To se također odnosi na članove vaše obitelji koji ne žive s vama.

Usiweke mama yako, nyanya, shangazi au mjomba wako hatarini kwa kutembelea wanafamilia wengine

Kaa nyumbani yamaanisha kaa nyumbani. Usitembelee marafiki au familia. Wakati wa kutembeleana utafika tukishakomesha virusi kuenea.

TESTING:

- Get tested as soon as you feel unwell. If you feel unwell a few days after getting tested, go get tested again. You must get tested if you are a close or casual contact.
- Just because you don't have any symptoms, does not mean you don't have COVID. You could still be very infectious.

Testirajte se

Testirajte se čim primijetite da se ne osjećate dobro. Ako se još nekoliko dana nakon testa ne osjećate dobro, testirajte se ponovno. Morate se testirati ako ste bili u bliskom kontaktu s nekim tko je pozitivan ili ste bili na mjestima gdje je bilo pozitivnih slučajeva.

Ako nemate nikakvih simptoma, to ne znači da nemate kovid. I bez simptoma možete biti vrlo zarazni.

MASKS:

- If you have to leave your home, you must have a mask with you at all times.
- You need to wear it in communal areas of residential buildings, indoor areas such as supermarkets, and outdoors when around others such as in queues waiting for public transport or food.

Nosite masku

Ako morate napustiti kuću, sa sobom morate imati masku.

Masku morate nositi u zatvorenom prostoru, što svi koriste, kao npr u hodnicima i liftovima stambenih zgrada i supermarketa, te na otvorenom kada ste u blizini drugih ljudi poput npr. kada ste na redu za javni prijevoz ili kad kupujete hranu.

GENERAL:

- We're all in this together. We must look after each other.
- Compliance is essential to protect you, your loved ones and your communities.
- Together we can beat this virus and help stop the spread, but we need you to work with us.

Opće informacije

Moramo se brinuti jedni za druge jer smo svi zajedno u tome. Potrebno je slijediti pravila kako biste zaštitili sebe, one koji su vam najdraži i sve u vašoj zajednici.

Zajedničkim naporima moći ćemo pobijediti ovaj virus i spriječiti njegovo širenje, a za to nam je potrebna vaša pomoć.
